Abstract the
Key word: animals

Contents

1 Introduction **3**
- 1.1 Background of the problem . . . 3
- 1.2 Restatement of the problem . . . 3

2 The Description of Problem **3**
- 2.1 Analysis of question one . . . 3
- 2.2 Analysis of question two . . . 3
- 2.3 Analysis of question three . . . 3
- 2.4 Analysis of question four . . . 3
- 2.5 Analysis of question five . . . 3
- 2.6 Analysis of question six . . . 3

3 Model creation and solving **3**
- 3.1 The data analysis visualization model . . . 3
  - 3.1.1 Introduction to the model . . . 3
  - 3.1.2 The solution of question one . . . 3
  - 3.1.3 The solution of question two . . . 3
  - 3.1.4 The solution of question three . . . 3
- 3.2 The correlation analysis model . . . 3
  - 3.2.1 Introduction to the mode . . . 3
  - 3.2.2 Processing and Collection of data . . . 3
  - 3.2.3 Building the model . . . 3
  - 3.2.4 The result of model . . . 3
  - 3.2.5 The analysis of the result . . . 3
- 3.3 The redictive analysis model . . . 3
  - 3.3.1 Introduction to the mode . . . 3
  - 3.3.2 Processing and Collection of data . . . 3
  - 3.3.3 Building the model . . . 3
  - 3.3.4 The result of model . . . 3
  - 3.3.5 The analysis of the result . . . 3

4 Based on the analysis of conclusions, recommendations for US government policy **3**
- 4.1 one . . . 3
- 4.2 two . . . 3
- 4.3 three . . . 3

5 Model evaluation **3**
- 5.1 The data analysis visualization model . . . 3
- 5.2 The correlation analysis model . . . 3
- 5.3 The redictive analysis model . . . 3

6 References **3**

7 Appendix **3**

1 Introduction

1.1 Background of the problem

1.2 Restatement of the problem

2 The Description of Problem

2.1 Analysis of question one

2.2 Analysis of question two

2.3 Analysis of question three

2.4 Analysis of question four

2.5 Analysis of question five

2.6 Analysis of question six

3 Model creation and solving

3.1 The data analysis visualization model

3.1.1 Introduction to the model

3.1.2 The solution of question one

3.1.3 The solution of question two

3.1.4 The solution of question three

3.2 The correlation analysis model

3.2.1 Introduction to the mode

3.2.2 Processing and Collection of data

3.2.3 Building the model

3.2.4 The result of model

3.2.5 The analysis of the result

3.3 The redictive analysis model

3.3.1 Introduction to the mode

3.3.2 Processing and Collection of data

3.3.3 Building the model

3.3.4 The result of model

3.3.5 The analysis of the result

4 Based on the analysis of conclusions, recommendations for US government policy

4.1 one

4.2 two

4.3 three

5 Model evaluation

5.1 The data analysis visualization model
